

FictStream 2026 Content Roadmap

2026 Content Strategy

FictStream 2026 content investment: \$180M total, up 22% from 2025. Focus areas: Sci-Fi expansion (6 new titles), Drama prestige slate (4 titles), Action tentpoles (3 titles), Comedy reboot (2 titles with new showrunners).

Greenlit Projects

Stellar Run Season 2 - \$28M production budget, targeting Q2 2026 release. Dark Orbit: Origins - prequel series, \$18M, Q3 2026. Phantom Signal - new Sci-Fi IP, \$15M, Q1 2026. Echo Valley Season 2 - Romance drama, \$9M, Q2 2026.

Comedy Reboot Plan

Two new comedy projects with talent from streaming-native comedy background. Audience research indicates preference for observational comedy over slapstick. Target demographic: 25-34 urban professionals. Both projects have female-led creative teams to address diversity gap.

Localization Strategy

Dubbing and subtitle investment: \$12M for 14 languages. Priority markets: Central region (Arabic, Turkish), East (Japanese, Korean). Local originals pilot: 2 productions in East region for authenticity.
